

Apixaban Tablets

NHS

The Royal
Orthopaedic Hospital
NHS Foundation Trust

It is to help:

Thin your blood and stop blood clots

How to take it:

Swallow the tablet with a glass of water

You may:

Feel sick

Bruise easier

Tell your carer or a doctor straight away if you:

Bleed a lot or cough up blood

Have blood in your wee or poo

You fall over and hit your head

If you would like to know more:

Ask your nurse, pharmacist or doctor
Or ask your carer to find out more for you from
the leaflet inside the medicine box
