

Easy Read Plan for The Royal Orthopaedic Hospital

What is this plan about?

This is a plan about how we will help people stay healthy and get the right care when they have problems with their bones, joints, or muscles.

About our hospital

- We are a hospital in Birmingham.
- We help people with bone and joint problems.
- We do many operations to help people walk and move better
- We care for over 80,000 patients each year.

Our promise

We will help people:

- Feel less pain
- Walk and move more easily
- Live a better life

What is important to us?

- Helping people feel better and be safe
- Being really good at what we do
- Looking after our staff and patients
- Working with local people
- Using money and resources wisely
- Working together with others

What do we want to do?

We want to:

- See people quicker
- Do more check-ups near their home
- Use computers and technology to help care for people
- Help people look after themselves with good advice

Working in the community

We don't just help people in the hospital. We want to:

- Work with local GPs and clinics
- Go to community days to give advice
- Help people before they get really ill

Helping our staff

We want our staff to:

- Be happy at work
- Learn new skills
- Feel safe and supported
